4050/4051/4053

CLASSIC™ LINE

America's Favorite Garage Doors®

Model 4050 Short Elegant Panel with Optional Colonial 509 Window Design

With a three-layer construction and three beautiful panel designs in seven color options, the Models 4050, 4051 and 4053 Series doors are the right choice for your home's design. The Premium Series' three-layer construction provides exceptional strength, insulation, dent resistance and security, as well as uncommonly quiet operation and a beautiful appearance outside and inside. No other manufacturer offers more styles, colors and windows than Clopay.

Calculated door section R-value is in accordance with DASMA TDS-163.

3-LAYER | STEEL + 1-3/8" INSULATION + STEEL

- 1 1-3/8" thick expanded polystyrene insulation bonded to exterior and interior steel skins helps make these doors extremely strong while providing an R-value of 6.5 for energy efficiency and comfort.
- 2 Patented Safe-T-Bracket® cannot, under normal circumstances, be removed while door is under tension.
- 3 Aluminum bottom weatherseal retainer system is the highest-quality rust-proof design to effectively seal out the elements.
- 4 Weather-tight tongue-and-groove joint helps seal out wind, rain and snow.
- 5 Galvanized steel hinges are durable, reliable and secure.

*Illustration is for component location purposes only.
Actual product has pilot holes on end stiles.*

- 6 Top quality nylon rollers provide durability and quiet operation.
- 7 White finish painted galvanized end stiles for finished interior.
- 8 Step plates, inside and outside, make door easy and safe to close.

Four spring options available:

Galvanized torsion, EZ-SET® torsion springs (galvanized), extension springs with containment cables, and EZ-SET® extension springs.

WINDCODE®: Doors available to meet many regional wind load requirements. Consult your local dealer for specific information.

Galvanized Torsion Spring

Corrosion-resistant, galvanized torsion springs look better and last up to 50% longer than industry standard springs.

Due to some height and weight restrictions, not all product offerings include galvanized torsion spring.

Step Plate/Lift Handle

Color matched exterior step plate/grip handles are durable, attractive and allow for safe opening and closing of your door.

Rust-Prevention System

Steel skins are protected through a tough, layered coating system, including a hot-dipped galvanizing layer, a protective metal oxide pretreatment, and a baked-on primer and top coat.

A FOCUS ON *green*

Clopay is committed to designing, manufacturing and distributing garage doors that enhance the beauty, safety and value of your home while minimizing the impact on the environment.

The 4050 Series helps conserve natural resources by providing a durable, reliable, low-maintenance, energy efficient door insulated with environmentally safe polystyrene. Steel doors and hardware are impervious to moisture and will not rot, warp, crack or fade, and the steel used in Clopay's doors is made from over 75% recycled content. All Clopay doors are made in the U.S., minimizing shipping, damage and handling. Solid doors qualify for the Federal Energy Tax Credit.

Visit our website for more details on Clopay's green practices.

WINDOW OPTIONS

Inspired by current architectural trends, our windows add natural light to your garage while adding curb appeal to your home. All Clopay window frames are UV-protected and are color matched to our prefinished door colors. Window frames screw in from the inside for easy glass replacement or to change designs.

Designer Collection Windows

Available in short or long panel designs, Clopay's Designer Collection Windows are created to complement many home styles.
